GENERAL INFORMATION

Post positions correspond with large numbers in left hand margin of program; smaller numbers denote mutuel ticket number of dog.

Weights shown in past performances and charts are the actual weights of greyhounds as they go on track for each race. The weight shown in parentheses opposite the dog's name is the established racing weight of the dog.

No official of this track owns or races dogs.

CHANGE AND INFORMATION BOOTH

For the convenience of the public, the management has provided an efficient man at the Information Window to facilitate the patrons in every way possible. He will render any explanation and assistance desired.

*Small figure in "finish" column shows number of lengths won by or lengths beaten.

The dog, with color, breeding and date whelped, with the absolute racing weight, number of starts at this track and the firsts, seconds and thirds scored. *Before name indicates imported dog.

Time given on past performances is that of the winner. Three lengths constitute one-fifth of a second, therefore, by adding the distance beaten off in the finish column one can get the actual time for any particular dog.
